What is taxi bus?

SURF taxi bus is a public transit service that works almost the same way as our bus service.

The service has been created to meet the users' needs in areas where population density is lower or in less busy times of day.

How to use the taxi bus?

First, you must reserve your seat at least one hour in advance by calling this phone number: **450-430-7000** (Taxi Union).

Second, mention that you are calling for a reservation (Taxi bus #13). Then, tell the dispatcher the bus stop number where you will take and get off the taxi bus. (A bus stop number is a five digit number which appears at the bottom of every bus stop.) Should you not know the bus stop number, please call SURF : 450-433-SURF (7873)

The dispatcher will confirm your pick-up time. You must also specify how you will pay.

Fares

The same fares apply to SURF's buses and taxis.

You can pay your trip by paying cash with the exact change or by showing any other valid monthly pass to the taxi driver.

N.B. : 10 trips magnetic cards cannot be used in the taxi bus.

If you wish to obtain a transfer to get on a SURF bus, please ask the taxi driver. He will give you one.

Cancelling your trip

Should you need to cancel your trip (whatever the reason) you must advise Taxi Union in advance.

Should you be absent at the bus stop and did not advise the taxi company, you may be liable to a fine of 25\$.
